A humorous view from 30, 000 feet as the chairman offers his views on love, the economy, existence, politics and history, technology, and more. Youll never be able to read the newspaper with a straight face again! What was the Chairman thinking when he proposed to his wife, Andrea Mitchell What relationship does he see between love and the movement of interest rates Why does he talk so obtusely What does it feel like to ponder raising interest rates What is it like to survey the entire world economy, and pull the levers that make it run Youll get the long view of a man who can jump from the tools of cavemen to the Internet in a single couplet. What does the Chairman think of the Internet, the IPO phenomenon, round the clock trading, the Wealth Effect, Bill Clintons personal problems, Big Brother, Internet hackers and the national debt Best yet, the Chairman is also a musician. It turns out he loves to sing about the economy using popular songs youll recognize, but with lyrics that address such issues as global exchange rates, the consumer price index and the balanced budget amendment. If you can read between the lines to see the humor in the business world, if youve ever laughed at a Dilbert cartoon, the Chairman will make you laugh out loud-in a bull or bear market.
