

A Dickens Glossary for American Readers (Paperback)

By Fred Levit

Syracuse University Press, United States, 2004. Paperback. Condition: New. Language: English . Brand New Book. Containing over 2,800 entries, complete with hundreds of explanations, this is the first compendium of lesser-known and nearly obsolete words in fifteen of Dickens s novels. Fred Levit provides definitions of words and quotations - some lost through the passage of time, others still used in Britain but not in the United States - all the while preserving the flavor of Dickens s writing. The variety of meanings and the often surprising differences between the current and nineteenth-century usage are a constant source of interest and amusement. Puns and jokes not otherwise apparent to the modern-day reader are discovered when the older language is explained. Even the well-known Christmas Carol contains many words whose connotation can be surprising to a modern reader. For example, what kind of food is brawn? What does a link-boy do? And what is a lumber-room? While other available resources are geared toward characters, historical references, and literary allusions, this book will be invaluable to scholars and general readers as an exclusive reference for Dickens s vanished vocabulary.

Reviews

The book is fantastic and great. it was writtern really perfectly and useful. I discovered this pdf from my i and dad suggested this book to learn.

-- **Dr. Cordie Upton III**

This pdf may be really worth a read, and superior to other. It generally does not price too much. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Dylan Schaden**
