Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Old and the Beginning of the New in Surgery It has happened to the writer to have lived in one of the world s periods of greatest activity and progress. It may be questioned whether the last half of the nineteenth century cannot claim the maximum of development in those conditions which have contributed to the improvement of man s stay on earth. In considering these conditions and the influences exerted by them, it must not be forgotten that the foundation upon which they are builded and upon which they rest took origin at the very beginning of man s existence - at the dawn of creation - and the structure of knowledge has grown progressively through the contributions which have been made in successive periods of time, influenced by the conditions of life which have constituted their environment. This, it may be said, has been eminently true in the development and growth of surgery. At one time the legitimate part of the barber s art, emancipated only from this ignoble association when the...
