

## The Age of Eisenberg (Paperback)

By Andrew Bellamy

Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.By the year 2123, nearly thirty-million American males all share the name Calvin Eisenberg. A century earlier, in the year 2047, an object appears without sound, without any witnesses, and without any warning. Through a later confession, it is revealed that a human perished in the object and his name was Calvin Eisenberg. Few details are released regarding the object but speculation runs rampant. Theories all begin to point towards one defined possibility; that of time travel. Soon, time-travel hysteria takes grip of the nation. Wanting their children to succeed and become the one Calvin Eisenberg who travels back in time, millions of parents rename their children. The workforce is flooded with Eisenbergs. Colleges of Engineering cannot support the sheer volumes of applicants. Everybody has the same end goal - to be THE Calvin Eisenberg. But what happens when you are born into poverty? What happens when you have little education and no relative work experience? When you are simply one of millions of other Calvin Eisenbergs, you are left with one of two options: fade into obscurity like so...
