Aislin had learned that she could be the hero of her own story and now she was about to find out that just because someone looks like a hero, that doesn't mean that they are. It's been a few months since 17-year-old geek, Aislin Blake was kidnapped and discovered that her parents are spies. Even with all that weirdness, life should be perfect for her, right? Her parents are home more often now and Lucas Chase, the boy she's been obsessed with for years, is now her boyfriend. Except that her parents keep bringing work home with them, which not only brings her Mystery Man back into her life, but also gives her the mystery of an incorrectly translated code that she just happened to see on one of the papers she wasn't supposed to be looking at. Not only that, but is it just her, or is everything not exactly perfect with her boyfriend? Part Two of Four. This item ships from La Vergne, TN. Paperback.
