Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Does your child have difficulties learning, concentrating or general problems at school? Do you work with unmotivated or aggressive children, or children with no boundaries, as part of your job? Do you feel upset once again, because your child appears disinterested and bored? Have you been worrying for some time about your child's anxiety, shyness or low self-esteem? Does your child not do what he or she is supposed to do, despite shouting and threats? This educational guidebook will provide answers as to why it is sometimes so hard to put your own needs and ideas into practice when parenting. You will learn a lot about yourself and your personality. Priority is given to the reflection on your own behavior. However, this guide goes beyond the stereotype that all children's problems are due to their parents' mistakes. I'll pick you up from where you are stuck at the moment, and, using clear and concise language, I offer practical solutions for sixteen everyday problems in raising children. At the end you will not only understand your child better, but also yourself in dealing with your child.
