

Las Cadenas Alimentarias En El Bosque (Forest Food Chains)

By Katie Kawa

PowerKids Press, United States, 2015. Paperback. Book Condition: New. 226 x 213 mm. Language: English,Spanish . Brand New Book. A forest is an ecosystem with a variety of plant and animal life from trees to deer. These plants and animals are connected through food chains, or the passing of energy from one living thing to another. In this volume, readers explore a forest for themselves, learning about the living things that can be found there. Informative text and fun fact boxes explain the connections between forest creatures, and vibrant photographs of forest wildlife fill each page. Readers can even visualize the way food chains come together as they study a detailed forest food web.

Reviews

It is just one of the best publications. This can be for anyone who states that there was not a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Tara Jerde**

A must buy book if you need to add benefit. It can be really exciting through reading time. I am pleased to let you know that this is the greatest publication we have read through during my very own life and may be the best publication for possibly.
