Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Coinage of Ireland in Copper, Tin, and Pewter, 1460-1826 IT is now some forty years since the Rev. Henry Christmas published his brief review on the Copper Coins of Ireland. During the interval which has elapsed since that event not a few coins have been brought to notice, and additional information has been discovered, both of which facts render a more complete account of the Coinage of Ireland in the baser metals a necessity. In placing this work in the hands of my fellow students in the domain of Numismatics, I may say that I lay little claim to having produced much that is original, but rather have I aggregated from many sources all that is now known concerning this most interesting subject and I trust that my efforts may bring into greater prominence matter which has almost been lost to sight. I cannot fail here to record my indebtedness to past writers on the subject we are about to review. Foremost among these I would instance, Simon, Lindsay, Christmas, and Aquilla Smith, the last probably the most careful author and most indefatigable worker on the coins of Ireland.
