AUTHORHOUSE, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book is me - talking to you. It s not grammatically correct - I fragment a lot. It probably has some errors - I m not perfect and neither is this book. It certainly is not politically correct and may even offend some people. I tell it like it is, as I have always done. You rarely have to wonder where I stand on something - I have an opinion on almost everything. I have written this in my style - like I m sitting next to you in the same room telling you my story. I was diagnosed with Stage III cancer in November, 2008. I experienced a short period of remission until my Stage IV - terminal diagnosis in February, 2010. This book covers the period of my initial diagnosis to where I am now in May, 2010. Cancer is a dirty word! I have accepted that I will probably die from cancer. I have not accepted that my life is over. This book is intended as a gift. A gift from me to the reader. I m not telling anyone how to do this or that they should handle it the way I am approaching it. It s just my story of how I am dealing with it and attempting to turn devastation into opportunity. Every dollar we bring in with the sale of this book will go towards my dream project - My Sister s Place, Too - a transitional housing program for women and children who have made the decision to leave their abusive situations and start a new life. There is a chapter devoted to this project. You can help me achieve my dream by purchasing...
