PROJECTIONS OF EDUCATION STATISTICS TO 2019

[DOWNLOAD](#)

Createspace, United States, 2014. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.This edition of Projections of Education Statistics provides projections for key education statistics, including enrollment, graduates, teachers, and expenditures in elementary and secondary public and private schools. Included are national data on enrollment and graduates for the past 15 years and projections to the year 2019. Also included are state-level data on enrollment in public elementary and secondary schools and public high schools from year 2001 and projections to year 2019. This report is organized by the level of schooling with sections 1, 2, 3, and 4 concerned with aspects of elementary and secondary education and sections 5 and 6 concerned with aspects of postsecondary education. State-level data on enrollment and graduates in private schools are not included. Further research and model development are needed to develop reliable projections of private school enrollment and graduates by state. Neither the actual numbers nor the projections of public and private elementary and secondary school enrollment include homeschooled students because more data are required to develop reliable projections. Similar methodologies were used to obtain a uniform set of projections for each of the 50 states and the District of Columbia. These projections are further adjusted to agree with the national projections of public elementary and secondary school enrollment and public high school graduates contained in this report. The summary of projections provides highlights of the national and state data, while the reference tables and figures present more detail. All calculations within the Projections of Education Statistics are based on unrounded estimates. Therefore, the reader may find that a calculation, such as a difference or percentage change, cited in the text or figure may not be identical to the calculation obtained by...
