The ebook is great and fantastic. We have read and i also am sure that i am going to likely to go through once again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.

CIVILIZING WOMEN: BRITISH CRUSADES IN COLONIAL SUDAN (PAPERBACK)

Princeton University Press, United States, 2007. Paperback. Condition: New. Language: English . Brand New Book. *Civilizing Women* is a riveting exploration of the disparate worlds of British colonial officers and the Muslim Sudanese they sought to remake into modern imperial subjects. Focusing on efforts to stop female circumcision in the Anglo-Egyptian Sudan between 1920 and 1946, Janice Boddy mines colonial documents and popular culture for ethnographic details to interleave with observations from northern Sudan, where women's participation in zar spirit possession rituals provided an oblique counterpoint to colonial views. Written in engaging prose, *Civilizing Women* concerns the subtle process of colonizing selfhood, the British women who undertook it, and those they hoped to reform. It suggests that efforts to suppress female circumcision were tied to the continuation of slavery and the rise of commercial cotton growing in Sudan, as well as to concerns about infant mortality and maternal health. Boddy traces maneuverings among political officers, teachers, missionaries, and medical personnel as they pursued their elusive goal, and describes their fraught relations with Egypt, Parliament, the Foreign Office, African nationalists, and Western feminists. In doing so, she sounds a cautionary note for contemporary interventionists who would flout local knowledge and belief.
