

Missouri's Frontier Years: A History Through Reconstruction (Paperback)

By Myron Carpenter

Outskirts Press, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Roughly bisected by the Missouri River, the primary transportation route to the west, Missouri was the frontier of America's westward expansion from before the Louisiana Purchase until after the Civil War. At a time when river transportation was the fastest and most efficient means of moving people and goods, Missouri's location at the confluences of the Ohio and Missouri rivers with the Mississippi River assured she would play a major role in opening the west and made it accessible to hordes of immigrants from the eastern states, Germany and Ireland. This book describes the decisions made in European palaces and the halls of Congress which influenced who settled in Missouri and cast her future as a slave state, although slaves never exceeded about ten percent of the total population. by their very nature these immigrants were self assured, risk tolerant, self reliant and determined to create a better life for themselves and their families. With few exceptions, they were successful. Organized in a topical, as opposed to chronological order, the book emphasizes the day to day life styles of Missouri...

Reviews

This kind of pdf is every little thing and taught me to looking forward and more. It is one of the most incredible book i have read. You wont truly feel monotony at whenever you want of your time (that's what catalogs are for about should you check with me).

-- Miss Amelie Fritsch DVM

The publication is straightforward in study safer to recognize. It is writer in straightforward words and never hard to understand. Its been printed in an extremely straightforward way and it is just after i finished reading this book through which basically modified me, affect the way i think.

-- Percy Bernhard
