Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.The year 2001 began with the inauguration of a United States (US) president deliberately aiming to shift the use of the military away from the numerous humanitarian and peacekeeping interventions of the 1990s toward responding to and defeating conventional threats from nation states. The mood was optimistic, with the new US national security strategy citing widespread financial prosperity and no sense of an imminent threat to the homeland. But this situation proved to be fragile: the events of a single day, September 11, altered the trajectory of the US and the way it used its military over the next decade. A national strategy that had focused on countering regional aggressors and sophisticated attacks using weapons of mass destruction (WMD) was now confronted by an enemy that attacked the homeland with low technology in asymmetric and unexpected ways--individuals armed with box-cutters using hijacked civilian aircraft. In the decade following 9/11, it became evident that the Cold War model that had guided foreign policy for the previous 50 years no longer fit the emerging global environment. Key changes included: * A shift from US hegemony toward national pluralism* The erosion of sovereignty and the impact of weak states* The empowerment of small groups or individuals* An increasing need to fight and win in the information domain In the midst of these changes, the US employed its military in a wide range of operations to address perceived threats from both nation-state and terrorist groups; to strengthen partner nation militaries; to conduct humanitarian assistance operations; and to provide defense support of civil authorities in catastrophic incidents such as Hurricane Katrina. This wide range of operations aimed to promote and protect national interests...
