When you reach your outer limits, you will find your inner strength. Life in the Colorado Rocky Mountains was downright idyllic, except for the abusive boyfriend. Joe seemed to think Kelly was his personal punching bag, but she was determined to make it work. She took long hikes in the mountains, searching for inner peace. And then, the meteor crashed! Set in the mid-1980s, this is the story of a woman who gets more than she bargained for when a strange object hurtles from outer space -- straight into her path! It leads to a harrowing chase, death threats, and more. But as the questions evolve, she finds she's had the answers -- or maybe the non-answers -- all along. This item ships from La Vergne, TN. Paperback.
