The Liberal Defence of Murder (Hardback)

By Richard Seymour

Verso Books, United Kingdom, 2008. Hardback. Condition: New. Language: English . Brand New Book. Following the collapse of the Soviet Union, a number of prominent thinkers on the Left found themselves increasingly aligned with their ideological opposites. Over the last decade, many of these thinkers have become close to Washington; forceful supporters of the War on Terror, they help frame arguments for policymakers and provide the moral and intellectual justification for Western military intervention across the globe. From Kanan Makiya, one of the chief architects of the US invasion and occupation of Iraq, to Bernard Henri-Levy's advocacy of humanitarian intervention, *The Liberal Defense of Murder* traces the journey of these figures from left to right and explores their critical role in the creation of the new American empire. With wide-ranging testimony from many key figures on the left, this is a crucial account of the emergence of the pro-war left, and its shaping of our post-9/11 world.

Reviews

Undoubtedly, this is the finest job by any article writer. It had been written very perfectly and beneficial. It's been printed in an exceedingly simple way in fact it is only following I finished reading this ebook by which basically modified me, modify the way in my opinion.

-- Lane Dicki

Absolutely among the finest publication I actually have actually go through. It really is rally fascinating through reading time. I am easily could possibly get a pleasure of looking at a composed ebook.
