Forgotten Books. Paperback. Condition: New. This item is printed on demand. 94 pages. Dimensions: 9.0in. x 6.0in. x 0.2in. Excerpt from Deirdre and the Sons of Uisneach: A Scoto-Irish Romance of the First Century A. D The larger portion of the following compilation was read to the Glasgow Bankers Debating and Literary Society in December last, and has been allowed to retain much of its original form, with the addition of some explanatory notes, where these seemed necessary. The previous month of September had been spent at Ledaig, near Oban, where, as a holiday task, the writer learned something of the history of the clan commemorated in the neighbouring vitrified Fort of the Sons of Uisneach. Subsequent research showed how widely their story was known to Celtic scholarship, and in what various forms it had already been published. To the general reader, however, as ignorant of Gaelic as the present writer, the story may serve as an introduction to the comparatively unknown, but wonderfully interesting, field of ancient Celtic literature, and it is to the general reader alone that these notes are now offered.
