Jessica Kingsley Publishers. Paperback. Book Condition: new. BRAND NEW, Safeguarding Children Living with Trauma and Family Violence: Evidence-based Assessment, Analysis and Planning Interventions, Arnon Bentovim, Antony Cox, Liza Bingley Miller, Stephen Pizzey, Brigid Daniel, Offering a systematic approach to evidence-based assessment and planning for children living with trauma and family violence, this practical book shows how to assess and analyse the needs of the child, make specialist assessments where there are continuing safeguarding concerns (using the Assessment Framework) and plan effective child-centred and outcome-focused interventions. The authors analyse the impact of exposure to a climate of trauma and family violence on a child's bioneurological development and on their capacity to form attachments and to develop and reflect on relationships through childhood and adolescence into adulthood. They bring together the assessment of children in need with the evaluation of significant harm and risk, and potential for rehabilitation, and also explore the application of evidence-based approaches to intervention. This book is an essential tool for all front-line practitioners working with child protection, including social workers, child and adolescent mental health practitioners, police officers, probation workers and domestic violence organizations. It is also suitable for undergraduate, postgraduate and post-qualifying students.
