Harriet, a crew-member of the crashed shuttle, tells Kyle reluctantly the truth about their origin; which is, that they are all descendants from Earth, a planet that was destroyed by earth s sun already a millennium ago. He also learns that before Earth s sun went nova, the people on Earth built and sent out nine seedships to various planets that were inhabitable by mankind, carrying their precious cargo of frozen human embryos. Androids - called the Enforcers - were created by the mothership that had landed on Terra 9; and Kyle manages to convince the enforcer Iris - who is also the ship s captain - to take him aboard. However, before long Kyle learns that the Nightwing is a ship with an ominous secret. But there is no turning back anymore for Kyle; his fate being inextricably linked with that of the Nightwing s crew, and the head-on clash between two species.
