Createspace, United States, 2007. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Walking Targets exposes how the greatest coup of the millennium came off without firing a shot, wresting control from those still committed to the nation s founding principles and family values, by stigmatizing their inflexible and dogmatic children as mentally ill. Computer technologies popularly believed to be restricted to use in defense of our country have been redirected for use in tracking the opinions of schoolchildren from the earliest years, under the cover of educational and mental health testing. This includes psychographic surveys and data-mining techniques. In this anthology of columns and feature articles, Mrs. Eakman exposes the tactics of professional agitators-cum-educators; details the latest advances in microchip implants, computerized cross-matching, tracking and monitoring, and clarifies experts justifications for psychological profiling.
