Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book provides a succinct commentary on our daily lives. Each page introduces an observation that, for most readers, will bring back memories from their own life. It provides a fun look at things we are very familiar and think we know a lot about. The book acknowledges this knowledge in the first part of the title Everybody Knows. It then goes on to add a series of thoughts and points we most likely did not know. Sometimes this comes in the form of a new twist or thought. Other times it comes in the form of obscure, but interesting new facts on the topic, or maybe intriguing points from a survey. Hence, the book carries the conflicting second part of the title Yet Nobody Really Knows. Now we can laugh and smile at what we knew while we think about a new twist on this and then enjoy collecting new tidbits of knowledge we never knew. This will provide a rich collection of thoughts sprinkled with new intriguing facts and tidbits we can't wait to share...
