Brand New Book ***** Print on Demand *****.Excerpt from Governmental War Insurance and War Taxation Our Nation is now involved in the Great War and it is our duty to dedicate all of our energy, all of our brains, all of our money and if need be all of our lives to the great cause for which we are fighting. Whether he works with his hands or with his brains, with the brawn and muscle which are the priceless treasures of youth or with the no less useful instruments of stored-up wealth which represent past achievement, every individual of every class must give his all to further the Nation s cause and must work incessantly and unselfishly for the World s salvation. The experiences of the last few months have been entirely novel to us as a Nation and have opened up new situations in all lines of business. New problems of vital importance have arisen which demand intelligent solution, if the War is to be promptly won. Some of these problems affect Life Insurance in a vital way and their discussion is natural at this time. Such a discussion, in order to be effective for good, must be conducted with absolute frankness and these problems cannot be successfully met unless we approach them with an open mind, realizing as every intelligent person must that at such a juncture past precedents are bound to be shattered and new methods must be adopted to meet new prevailing conditions.
