Forgotten Books, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from A List of Books on Social Reform in the Public Library of the City of Boston This list presents enough titles on the various, phases of Social Reform to give a fairly comprehensive view of this many-sided question. A subject which invades the domain of political economy, political science, sociology, and ethics clearly can not receive a complete treatment and be kept within ordinary limits; but the more important aspects of the matter are indicated with reasonable fulness. A seeming lack of proportion between the several divisions must be accounted for by the respective meagreness and fulness of the literature on certain topics, and not laid to capricious methods of selection. The list as it stands has been subjected to the criticism and benefited by the advice of a number of friends of the Library experienced in the mat ters here dealt with. Many helpful suggestions, thus furnished, have been embodied in the catalogue. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
