As the brains and driving force behind Facebook, Mark Zuckerberg has become the youngest billionaire in the history of the planet. As this comic reveals, the road to success for both his creation and himself was not preordained, nor was it always a smooth ride. He would be tempted with unimaginable amounts of money and deal harshly with people along the way - many, of whom, would later feel betrayed. Read how a socially inept mans frustration with women helped spark an idea that would have him dating Victoria Secret models and pave the way to creating a company that has revolutionized the way hundreds of millions of people all over the globe socialize with each other.
