Excerpt: .ordered hewn wooden cross-ties to be laid temporarily, and the rail to be directly spiked thereto. A number of these ties were laid on the sharpest curves in the cut. They showed such satisfactory properties when the road began to be operated that they were permitted to remain, and the stone blocks already in the track were replaced by wooden ties as rapidly as practicable. Without doubt the piece of track in deep cut was the first in the world to be laid according to the present American practice of spiking the rail directly to the cross-tie. The LIne Opened Between Bordentown And South Amboy. Among the memoranda compiled by Benjamin Fish, published in his memoir, I find the following: First cars were put on the Camden and Amboy Railroad September 19, 1832. They were drawn by two horses. They took the directors and a few friends from Bordentown to Hightstown and back. On December 17, 1832, the first passengers were taken from Bordentown through to South Amboy. Fifty or sixty people went. It was a rainy day. On January 24, 1833, the first freight cars were put on the railroad. There were three cars, drawn by one horse each, with six or seven thousand pounds of freight on each car. Freight came from New York by steamboat to South Amboy. I drove the first car, John Twine drove the second car and Edmund Page the third one. We came to the Sand Hills...
