

Presentations for Librarians: A Complete Guide to Creating Effective, Learner-Centred Presentations

Filesize: 2.84 MB

Reviews

This written ebook is fantastic. It is probably the most incredible ebook we have read. Its been written in an extremely basic way in fact it is just following i finished reading this publication where basically modified me, affect the way i think.
(Howell Reichel)

PRESENTATIONS FOR LIBRARIANS: A COMPLETE GUIDE TO CREATING EFFECTIVE, LEARNER-CENTRED PRESENTATIONS

Chandos Publishing. Paperback. Condition: New. 216 pages. Dimensions: 9.1in. x 6.1in. x 0.6in. Recent research on learning from multimedia presentations has indicated that the current way many people prepare their slide presentations may actually hinder learning. Considering the ubiquity of the PowerPoint presentation in business and in education, presenters should be concerned whether or not their audience members are effectively receiving the information they wish to impart. This issue is of special import for librarians who teach, as they often must convey complex information in a very limited amount of time. Combining the best evidence on multimedia learning with real-world practical guidelines, this book aims to provide novice and expert presenters alike with the tools they need to ensure an effective, learner-centred presentation. Presents guidelines and techniques based on evidence from the research literature Provides an easy-to-understand introduction to the relevant learning and instructional design theories behind effective, learner-centred presentations Covers techniques for Microsoft PowerPoint, Apple Keynote and Star Office Impress This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
