Survival Communications in Texas: Big Bend Region

By MR John Parnell

Createspace, United States, 2012. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Perhaps you have prepared for WTSHTF or TEOTWAWKI with respect to food, water, self-defense and shelter. But what about communication? Whenever there is a disaster (hurricane, earthquake, economic collapse, nuclear war, EMF, solar eruption, etc.), the normal means of communication that we re all reliant upon (cell phone, land line phone, the Internet, etc.) will probably be, at best, sporadic and at worst, non-existent. As this author sees it, short of smoke signals and mirrors, there are three options for communication in trying times (1) GMRS or FRS radios; (2) CB radios; and (3) ham or amateur radio. In this book he considers each of these options to come up with the most acceptable one. Included in this volume are the names and addresses of the approximately 2,500 FCC licensed amateur operators in the Big Bend region of Texas, organized by city, then sorted by street, then sorted by house number . just in case.
