Keith Publications LLC, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. How do you survive in a world without the sun? You become the darkness. When Summer Dawn realizes nature has chosen her to be the next Nocturne, hope fades into obscurity like the world around her. She must leave her family in order to protect them from the dangerous but beautiful monster she was becoming. Her thirst would soon consume her. When the earth shifted, all green things died, but something new was born. Nocturnes are the only creatures strong enough to fight against the deadly, unspeakable beasts that come to Bluster Falls on the days that follow Copper Day-the only day the sun shines per year. Carnodragons will be coming to choose their victims. However, Summer Dawn was given her name for good reason. And she s determined to beat the darkness even if it means dying in the name of the light. But Noah Blaine isn t about to let that happen. When he first saw her, he knew a storm was brewing beneath that timid demeanor that was always keeping him at arm s length. But he was hell bent on following her to the ends of the earth anyway. Little did he know the place she d lead him was beyond the borders of the imagination-a place holding the darkest truths yet. Nonetheless, love may be the catalyst to spark faith in a world where hope was dead just like the ocean. And he wanted to save her from herself. But who was going to save him from her?.
