Gorgias Pr Llc. Hardcover. Condition: New. 506 pages. Dimensions: 9.1in. x 6.0in. x 1.5in. Payne Smith, most well known for his landmark Syriac dictionary, here gives an edition of the Syriac translation of Cyril of Alexandria s interpretation of Luke s Gospel, which is incomplete in Greek. This commentary was originally delivered as a series of brief homilies by one of the most important Greek Fathers for the Syrian Orthodox Church, and a number of his works were translated from Greek into Syriac. The Syriac text is printed in a beautiful Estrangela font. The editor s introduction (in Latin) discusses the manuscripts used, the extant Greek parts of the work, and the catenae that contain some of it. In addition, he gives there a brief, but helpful, discussion of the diacritical point in Syriac verbal forms and homographs. Finally, he provides a list of errata and textual notes on several passages. Payne Smith also produced an English translation of this Syriac work, and it, too, is available from Gorgias Press. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Hardcover.
