Check out STEM Advancement Inc is a leading provider of STEM educational materials that are compact, concise, and pedagogically sound. We help schools, districts, and educators everywhere develop, define, and implement a hands-on curriculum that incorporates real-world problem solving, object-based learning, coding, STEM, and more. STEM Advancement is dedicated to ensuring that educators can implement an authentic PBL STEM component to enhance preexisting science curriculum. WHAT MAKES US UNIQUE 1. Content. Goodbye to unstructured, random hands-on activities. This curriculum creates a solid foundation of content knowledge that students can build upon in future STEM classes in high school and college. Topics include engineering design, materials engineering, electrical engineering, technology education, coding, and mechanical engineering. 2. Comprehensive Support. We get how difficult it is for teachers to adapt to the PBL learning style while still preparing students for looking assessments. Every lesson in this curriculum is tied to the NGSS with a Common Core correlation guide, so teachers know exactly how the lessons can smoothly integrate, enhance and support their teaching. Every lesson is paired with a comprehensive background guide for the...
