MOHID LAND

To get **MOHID Land** PDF, remember to refer to the link listed below and download the file or get access to additional information that are highly relevant to MOHID LAND book.

Alphascript Publishing. Taschenbuch. Condition: Neu. Neuware - MOHID Land is the hydrology module within the three-dimensional MOHID Water Modelling System. MOHID is an integrated system for water flow, consisting of three main modules: Water for three-dimensional fluid dynamics, Land for hydrology and Soil for groundwater flow. The MOHID Land module is a watershed mathematical model or hydrological transport model designed to simulate the flow of water in a drainage basin and aquifer. The processes which are simulated include two-dimensional overland runoff, infiltration into the ground, one-dimensional drainage network flow through rivers and canals, as well as porous medium transport. The interactions between the different processes are calculated dynamically by the model, using the hydraulic gradients. The different processes occurring in a basin are programmed in different modules. The user can choose which modules to activate, allowing simulation of the desired ones only. 76 pp. Englisch.
