Emma awakens to an entirely different world than the one she lived in a thousand years ago, and although she s the real Sleeping Beauty, her life is no fairy tale. After parting ways with her supposed Prince Charming, she s determined to be a normal girl--she hides her magic and swears off kissing strange men. But her gorgeous boss Michael knows there s something unusual about Emma, and he thinks she s as infuriating as she is beautiful. Now Emma needs to teach Michael a lesson, which means mastering her magic. She knows she s flirting with danger, but after one look at Michael s perfect lips, all she can think is, What s another thousand years . ? Welcome to the fractious fairy tale world of Kristine Grayson, where the bumpy road to happily ever after is paved with surprises . Praise for Wickedly Charming Unusual, whimsical, and wickedly clever, this funny romp takes a decidedly offbeat look at fairy tales from the characters point of view, with delightful, magical results. -- Library Journal.
