A FIRST BOOK OF R

Condition: New. Publisher/Verlag: Noor Publishing | R is a programming language and software environment for statistical computation and graphics supported by the R Foundation for Statistical Computing. In R you do data analysis by writing functions and scripts, not by pointing and clicking. That may sound daunting if you are new to programming, but R is an easy language to learn, and a very natural and expressive one for data analysis. Therefore, this book leads you step by step learns...
