In China. SMEs are a product of the reform and opening up. entrepreneurship and growth of small and medium enterprises clearly benefit from the innovation of systems and mechanisms. Large groups of small and medium enterprises in the high-growth SMEs accounted for only 3%. The ratio of 5%. but it is the focus of attention. Read Inc. 500 (U.S. Inc. magazine selected the fastest sales growth in the past five years. 500 private enterprises ranking since 1982. the contest annually once). can be found to accept the risk of investment enterprises growth rate fast. Risk investment mechanism has clearly contributed to the rapid growth of SMEs. the inherent law of the high-growth SMEs and venture capital mechanism combine research. is indeed a valuable research topic. A lot of domestic venture capital books. most of which. or the introduction of venture capital and its operation mechanism. or discussed how to promote the development of venture capital in China or tell companies how to get venture capital. while small and medium enterprises research with the combination of risk investment mechanism is not enough. In fact. venture capital and entrepreneurs...
