Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Lessons in Language A school-book is One of the tools of the teacher. As such it is invaluable for its suggestions and its assistance in supplementing work which even without it would be recognized as master-craft. No apology is offered for the publication of this little book. It must stand or fall upon its own merit as an assistant to the teacher of language. Intended mainly for young pupils, its object is to train them to use words of their own simple vocabulary not only in properly-expressed sentences, but also in oral and written stories and descriptions. It aims also to increase that vocabulary by a gradual accession of new words similarly used. No claim is made to originality in the arrangement of the matter. It has been made to conform to the requirements generally prescribed for children beginning the formal study of language, by a careful reference to the most approved courses of study in the principal cities of the country.
