Dreamscape Media, United States, 2018. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. Early in his software-developer career, John Sonmez discovered that technical knowledge alone isn t enough to break through to the next income level: developers need soft skills like the ability to learn new technologies just in time, communicate clearly with management and consulting clients, negotiate a fair hourly rate, and unite teammates and coworkers in working toward a common goal. As John invested in these skills, his career took off, and he became a highly paid, highly sought-after developer and consultant. Today, he helps more than 1.4 million programmers every year increase their income by developing this unique blend of skills, and now, with this book, he can help you too. If you re a developer, green or a veteran, you owe it to yourself to read The Complete Software Developer s Career Guide. - Jason Down, Platform Developer, Ontario, Canada.
