

Victorian Visions of Global Order: Empire and International Relations in Nineteenth-Century Political Thought (Paperback)

Filesize: 6.98 MB

Reviews

This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who stutte that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me).

CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2012. Paperback. Condition: New. Reissue. Language: English . Brand New Book ***** Print on Demand *****.This wide-ranging and original 2007 study provides an insight into the climate of political thought during the lifespan of what was, at this time, the most powerful empire in history. A distinguished group of contributors explores the way in which thinkers in Britain theorised influential views about empire and international relations, exploring topics such as the evolution of international law; the ways in which the world was notionally divided into the civilised and the barbarian ; the role of India in shaping visions of civil society; grandiose ideas about a global imperial state; the development of an array of radical critiques of empire; the varieties of liberal imperialism; and the rise and fall of free trade. Together, the chapters form an analysis of political thought in this context; both of the famous (Bentham, Mill, Marx, and Hobson) and of those who, whilst influential at the time, are all but forgotten today.
