AUTHORHOUSE, United States, 2015. Paperback. Book Condition: New. 280 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.This book has been published in loving remembrance of Robert Lloyd Coffey, his life, his skill and his passion, for the written word. Ironically, at the time that he wrote it, he never would have suspected that the, cycle of water ideals presented in The Adventures of Danny Dewdrop would be diametrically opposed to the current environmentalist teaching that water can be wasted. (Somehow destroyed) God is still on the throne and has not stopped protecting his creation through the cycle of water. Thanks are extended to Margaret (Peg Coffey) Boesen the (authors sister), for her support and encouragement. Thanks also to Candice (Coffey) Zimmie (the author s daughter) for her support for this project. Thanks to the family of W. Loren Brinkman for their approval of and encouragement for this project. I Keith Lloyd Coffey (the author s son) thank God for allowing me to manage this project to completion. There you go Dad you are now a published Author. The first law of thermodynamics Matter cannot be created nor destroyed it can only change state. (Solid, liquid, gas).
