Three Creeks Press, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This book grabbed my attention from the first page. The plot was well written and had lots of twists and turns. I couldn t put the book down. Amazon reviewer When Sophie Kendrick s husband admits experimented on their unborn child, instinct kicks in. Moments later, he s dead and Sophie is on the run. Sophie is determined to protect her baby, but Marcus Chaney, the powerful man who funded her husband s research, is determined to track her down and harvest the research within her. He s willing to cross ethical boundaries to save his own mother, without regard for the consequences. Sophie doesn t know what the experiments have done to her baby -- is she carrying a monster, or is the child a miracle with the cure for cancer coursing through her veins -- but she s willing to sacrifice everything to save her daughter. Every step of the way, Chaney s goons nip at her heels. No matter where she goes, no matter how careful she is, they track her down. The Smoky Mountains provide a dramatic backdrop as Sophie breaks into a secluded mountain cabin, hides among the throngs of tourists in Gatlinburg and Pigeon Forge, and finds an unlikely ally at a women s shelter. Will Sophie be able to escape Marcus Chaney s grasp?.
