

Beyond Nunn-Lugar: Curbing the Next Wave of Weapons Proliferation Threats from Russia (Paperback)

By Henry D. Sokolski, Thomas Riisager

Lulu.com, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Although the present book never intended to be quite so timely, Beyond Nunn-Lugar: Curbing the Next Wave of Weapons Proliferation Threats from Russia is one book that, coming so soon after the events of September 11, 2001, and shortly before President Bush's Russian summit, should find a ready audience. The essays in the book were originally commissioned by the Nonproliferation Policy Education Center (NPEC) as part of a year-long study on the future of U.S.-Russian nonproliferation cooperation. What makes the book different from other studies of U.S.-Russian cooperation is its reliance on competitive strategies.¹ Originally devised as a business management tool and subsequently used by the Pentagon to guide its military planning against the Soviet Union, the analytical approach based on competitive strategies requires analysts to evaluate long-term trends, 10 to 20 years out.
