Createspace Independent Publishing Platform, 2014. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. One man drives from Detroit to California and back in order to give gratitude to those people who helped him become a published author, musician, and artist after being an electrical engineer. He says thank you to many and becomes a ghost to his past ghosts. In order to make this trip, he had to get fired first from his job which helped him find the freedom and the money to go. It s the grind he goes through that makes it memorable. Also though, it s the fact that he touches so many souls with an attitude of gratitude. This book captures his journey much like Zen and the Art of Motorcycle Maintenance. Feel his gratitude in the pages of this book and read about the shining star that helped him set sail to go in the first place. It s a trip that is the best of his life. It changed him. Let it change you too.
