When we think of psychopaths we often think in terms of murder, violence, rape and other atrocious crimes. Many psychopaths are not physically violent but are in the everyday worlds of business, organizations, politics, religious groups, etc. In other words they are everywhere, maybe your next door neighbor or even in your own family. Being able to recognize the traits of the psychopath may save many problems in the future as psychopaths may not kill but they can destroy one s life mentally and emotionally. This book helps in recognizing the psychopath and how to cope with them.
