**Plants of Indian Systems of
Medicine (Volume-I)**
Monographs on twenty commercially important
medicinal plants

LAP Lambert Academic Publishing Dez 2011, 2011. Taschenbuch. Condition: Neu. Neuware - According to the World Health Organization, 80% of the world s population primarily those of developing countries rely on plant-derived medicines for their healthcare. During the past decades, public interest in natural therapies, namely herbal medicine, has increased dramatically not only in developing countries but also in industrialized western world. This has increased the international trade in plant based medicine enormously and has attracted most of the pharmaceutical..
