Derc Publishing House, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Always there is something beautiful and interesting to discover in America and Japan, therefore I wrote this book to present some of these fascinating discoveries, as a photographic documentary. Do you remember whose motto is Sicut patribus sit Deus nobis ? Or who was President of the United States for just 6.5 months? Or in what park are the deer free? Or where there is this announcement: Ressentez dans notre patisserie l'ambiance chaleureuse de chez soi ? The answers to these questions and other hundreds of useful facts are in this book. There is also an Addendum - For future generations, with ideas about different burning issues, which will need to be addressed by very intelligent and courageous people - the sooner, the better. The over 200 photos, with their comprehensive and startling explanations, undeniably show why this Planet is so precious. The America and Japan are very distinctive and sophisticated, and any reader, no matter from what place of the world, will definitely find, in this book of general interest, numerous enthralling and cherished images and facts.
