After a long cold winter, which is common across northern Michigan, spring is a welcome time of year. Spring is a transition period, from months of snowblowing the driveway and blinding lake effect snow off Lake Michigan, to warmer days and melting snow. It is a time to get outdoors, smell the fresh cool snow melt air and soak up the sun. Most importantly, it is a time to begin making maple syrup. This coloring book was created in association with a book titled, A Maple Spring Sugar Season in Northern Michigan.
