

## How to Draw Insects (Paperback)

By Barbara Soloff-Levy

Dover Publications Inc., United States, 2009. Paperback. Condition: New. Language: English . Brand New Book. This easy-to-follow guide makes it simple for youngsters -- and aspiring artists of all ages -- to create recognizable likenesses of 30 different insects. By following clear, step-by-step illustrations, nature artists will learn how to use circles, ovals, and other shapes to draw simple, lifelike portraits of a grasshopper, monarch butterfly, tarantula, caterpillar, cicada, praying mantis, walkingstick, scorpion, yellow jacket wasp, carpenter ant, Japanese beetle, moth, firefly, centipede, termite, and other insects. These fascinating subjects not only are fun to draw, they ll also help beginners master the fundamentals of developing line, shape, and dimension.

### Reviews

*Basically no words to describe. We have read through and i also am sure that i am going to going to read once more once again later on. You may like just how the article writer compose this publication.*

-- Mrs. Jane Quitzon DDS

*The publication is simple in go through preferable to fully grasp. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- Mrs. Josiane Collins
