So if there is any historical references or anything, Bryan can probably answer that. But I think hes here to make sure I dont say something stupid. NHOFE Senator I. Well, let me interrupt you at that point and stop the clock and introduce Michele Nellenbach, who is behind me. Michele, she is the one who came here from Washington to keep me from looking stupid, so we all have that. Mr. K. Fair enough. OMISKE Senator I. Start the clock. NHOFE OMISKE Mr. K. Well, Norman is well aware of the importance of wastewater and water issues, and as such, an important piece of finding more water, finding additional water, and treating water, is water conservation measures. We do have a lot of measures in place, and were aggressively continuing that. We have, of course, the newspaper ads and the educational pieces, and we also provide conservation kits to home-owners, so the homeowner or residences can use less water. But the very important piece, is the residents and citizens voted for an inverted rate block, which means that the more water a residential customer uses the more expensive it gets per unit. So that helps keep conservation in check. By going over 20,000 gallons per month, the water rate per thousand gallons actually doubles. So with that in mind, Norman historically has enjoyed economic diver-sity, and as such, in this graph here, you can see that we have grown and our water usage has increased. We get our water from two sources. We have - the turquoise band on...
