Createspace Independent Publishing Platform, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. November 22nd, 2013 marks the 50th Anniversary of the assassination of John F. Kennedy. and at last we have the unbiased facts, concisely-presented by a skilled, acclaimed author who is also a credible voice: an ordained Methodist minister. Dr. Moore presents over 200 source-notes supporting a compelling case that the death of President Kennedy involved more than a lone nut assassin. He marshals old and new evidence to prove that there was indeed a second sniper, positioned in front of the Presidential limousine, who fired the fatal head shot. Moore points up scores of glaring contradictions in the government's own Warren Commission Report as he exposes the greatest crime mystery of the last fifty years with riveting, engaging prose. Finally, a well-written, witty, and factual overview of the case that examines both the big picture and all the important details in the mosaic-without getting lost in a morass of tangential information. This is an important book that clearly demonstrates why the JFK assassination case is still relevant, unsolved, and intriguing. Not just Recommended Highly recommended! -Vince Palamara, author of Survivor's Guilt: The Secret Service and the Failure to Protect President Kennedy.
