# INTRODUCTION TO MOLECULAR EMBRYOLOGY

Condition: New. Publisher/Verlag: Springer, Berlin | Nearly 10 years have elapsed since I finished writing the first edition of Introduction to Molecular Embryology. During this period, molecular embryology has made great strides forward, but without undergoing a major revolution; therefore, the general philosophy and outline of the book have remained almost unchanged. However, all the chapters had to be almost completely rewritten in order to introduce new facts and to eliminate findings which have lost interest...
