Forgotten Books, 2017. Paperback. Condition: New. Language: French . Brand New Book ***** Print on Demand *****. Excerpt from Les Epodes d Horace Dans notre science, on ecrit parfois pour etablir un fait ou signaler une chose nouvelle, plus souvent pour demontrer que l autre partie se trompe. J aurais mauvaise grace a manquer a cet usage: consacre par le Temps, il fut etabli par la Nature. Rien n est rare autant qu une decouverte originale; et, loin de sortir toute nue de son puits, la Verite ne se revele qu a regret. On ne la saisit jamais; on cherche a la situer par des approximations successives: c est une partie de colin-maillard ou chacun cherche a son tour a soulever le bandeau; il arrive meme qu on y triche: mais la deesse s en rit. Cependant on ecrit, parce qu il le faut. Mais ceux pour qui les specialistes ecrivent le moins, sauf de gros manuels que tout le monde achete et que personne ne lit, ce sont les etudiants. De plus en plus ils sont ahuris par la complexite croissante et le morcellement presque infini des disciplines qui constituent la science de l antiquite classique. C est pour eux surtout que j ai fait imprimer ce petit livre: ne faut-il pas leur montrer comment se posent les problemes, avant d en faire des specialistes; les equiper, avant de leur confier une mission d explorateurs? About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
