Excerpt from The South African Mining Journal, Vol. 27: With Which Is Incorporated the South African Mines, Commerce and Industries; Part I; Oct. 27, 1917 IN a report dated June 28, 1917, to the chairman and directors of the Consolidated Main Reef Mines, Mr. D. Wilkinson writes: - In accordance with your request, I have made an estimate of the value to your company of the whole of the assets of the Main Reef West, Ltd. Profit Value of Ore in Sight, and Probable. - The lowest level on which any development has been done is the 16th. This level, and the 15th, are only partially driven, and in estimating the probable payable tonnage from the 14th to the 16th, a percentage of payability and the assay value of this percentage has been determined from the data available on the 12th, 13th and 14th levels. So far as the 15th and 16th levels have been driven, they fully support the above assumption. The value of the profits from the ore in sight, and the probable ore to the 16th level, to...
